7.1 **Enforcement.** The Board, on behalf and in the name of the Members of the Association, and/or any Owner, are hereby authorized to commence such legal or equitable actions, suits and proceedings as are determined by them to be necessary or proper to enforce all restrictions, conditions, covenants, reservations, liens, and charges now or hereafter imposed by the provisions of this Declaration, the Articles, Bylaws, Architectural Building Requirements, ARC Policies and Procedures and/or approved Plans and Specifications, and to correct, restrain or enjoin any activity or condition existing within the Subdivision, the continuation of which violates the provisions of this Declaration, the Articles, Bylaws, Architectural Building Requirements, ARC Policies and Procedures and/or the approved Plans and Specifications, and to enforce, by mandatory injunction or otherwise, all provisions thereof, in conformance with the provisions of this Article. Failure by the Board or any Owner to promptly enforce any covenant or restriction herein contained shall not be deemed a waiver of the right to do so at a later date. This section shall not be construed to require the Association to pursue legal action in any particular case, or to prevent the Association from imposing fines or taking other enforcement measures without first initiating legal proceedings.

7.1 (a) The Board, the ARC, Manager or any other duly authorized agent of the Board, is hereby empowered to receive from other Owners complaints in writing involving any Violation. A determination shall be made regarding the validity of such complaint by inspection or otherwise. In the event the Board determines that in fact there has been a substantive deviation or a Violation, or in the event the Board determines on its own that a Violation exists, the Board shall immediately record a written Notice of a Violation against any Lot where the condition exists.

7.1 (b) A Notice of Violation shall be executed and shall contain substantially the following information: the name of the offending Owner; the Lot against which the notice is being recorded; a brief description of the nature of the violation; a statement that the prohibited activity must immediately cease or it shall otherwise set forth the specific steps which must be taken by the Owner to cure the violation.

7.1 (c) A Notice of Violation shall serve as a notice to the Owner of a Lot, and to any subsequent purchaser of the Lot, that there is such a violation. Notwithstanding the foregoing, failure by the Board to record a Notice of Violation shall not constitute a waiver of any existing violation or evidence that no violation exists.

7.1 (d) The offending Owner shall be obligated to comply with the requirements set forth in the Notice of Violation. If the offending Owner fails to comply, then fines shall commence to accrue against the Owner in the manner and amounts set forth in the Schedule of Violations and Fines.

7.1 (e) The Schedule of Violations and Fines is adopted by the Board specifying the amount of such fines, and any other provisions or procedures related to the levying of such fines.

7.1 (f) All costs and expenses incurred in connection with the enforcement attributed to the violation shall become an Assessment. The failure of the Owner to pay said Assessments or any installment thereof when due, shall become enforceable as a Lien.

7.1 (g) Findings of violations and impositions of fines shall be subject to the Owner's right to appeal as set forth in the Bylaws.

7.2 Private Disputes. The Association shall not mediate or litigate private disputes between Owners within the Subdivision.

7.3 Limited Liability. Neither the Board, the ARC or any member of any committee, or any person or persons appointed by the Board to whom any powers have been delegated, shall be liable to the Association, any Owner, or any other Person for any loss, damage, prejudice or injury arising out of or connected with any act or failure to act, or otherwise in connection with the performance by their respective duties and responsibilities. Provided that any Board member, Committee member, Officer, Manager or other person has, upon the basis of such information as was available, acted in good faith without willful or intentional misconduct.

7.4 Indemnification. The Association shall and does hereby indemnify each and every Director and Officer of the Association, each and Every employee of the Association, each and every member of the ARC, and each and every member of any committee appointed by the Board, who serve or have served the Association at any time, collectively referred to as the "Association Officials" and individually as an "Association Official" against any and all claims, judgments and expenses, including attorney's fees, reasonably incurred by or imposed upon Association Officials in connection with any action, lawsuit or other proceeding (including settlement of any lawsuit or proceeding, if approved by the Board serving at the time of such settlement) to which he or she may be a party by reason of being or having been an Association Official, unless the liability for such expenses arises out of intentional misconduct or malicious acts by the Association Official. No Association Official shall have any personal liability with respect to any contract or other commitment made by them or action taken by them, in good faith, on behalf of the Association (except indirectly to the extent that such Association Official may also be a Member of the Association and, therefore, subject to Assessments authorized by this Declaration to pay the liabilities of the Association), and the Association shall indemnify and forever hold each such Association Official free and harmless from and against any and all liability to others on account of any such contract, commitment or action performed during the execution of their duties as an Association Official. Actions of Association Officials which are based upon opinions, counsel or information provided by attorneys, certified public accountants, licensed architects, licensed engineers and members of other professions shall be conclusively deemed to be actions executed in good faith and without malice. The beneficiaries of this indemnification shall include the heirs and administrators of the Association Officials. It is the intent of this provision that the directors, officers, committee members, and employees of the Association be and are hereby indemnified to the fullest extent permitted by the laws of the State of Utah. They are not to be deemed to limit, modify or otherwise affect any of the provisions or to be used in determining the meaning or intent.

7.9 Notices. If notice of any action or proposed action is required by applicable law or the provisions of this Declaration, then, unless otherwise specified herein or required by law, such notice requirement shall be deemed satisfied if it is sent by regular United States mail to the last known mailing address of the Owner, as shown in the records of the Association. This Section shall not be construed to require that any notice be given if not otherwise required and shall not prohibit satisfaction of any notice requirement in any other reasonable and appropriate manner.

7.11 Severability. Any determination by a court of competent jurisdiction that any provision of this Declaration is invalid or unenforceable shall not affect the validity or enforceability of any of the remaining provisions.

7.12 **Amendments.** Amendments may be added or deleted at any time, but only in accordance with State law of proper notice and executed by a vote of the majority of the Members of the Association. Any changes to amend or repeal sections contained within this Declaration must be recorded with Wasatch County.

7.13 **Compliance with Laws.** The covenants, conditions, restrictions, and limitations set forth in this Declaration, including, without limitation, the provisions requiring Owners and others to obtain the approval of the Board or the ARC with respect to certain actions are independent of the obligation of Owners and others to comply with all applicable federal, state and local statutes, laws, ordinances and regulations pertaining to the ownership, occupation and/or use of any Lot or other property within the Subdivision, which may change from time to time. Any violation of any such federal, state or local statute, law, ordinance or regulation is hereby declared to be a violation of this Declaration and such violation shall be subject to any and all applicable proceedings for enforcement.
